FATAL EXPLOSION OF POWDER MAGAZINE

Destruction of Life and Property at Canton, China.

BUILDINGS ARE THROWN DOWN

Twenty-One Bodies Have Been Recovered and There Are Probably More Fatalities—Foreign Residents Were Unharmed.

Hong Kong, May 4.—Very great destruction of life and property was caused at Canton Thursday evening by the explosion of a gunpowder magazine.

Twenty-one bodies were recovered from the ruins. Hundreds of persons were injured.

Fifteen buildings were razed to the ground, and over a hundred were seriously wrecked.

A section, two hundred feet long, from the massive city wall, was precipitated. The historical, many-storied pagoda escaped with slight injuries. The officials and staffs of the hospitals are doing their best to succor the sufferers.

In the Shamien suburb, where the foreigners live, a terrific shock was caused by the explosion, but the residents were unharmed.

The city of Canton is about 6 miles in circumference, and enclosed by walls about 20 feet thick, and from 30 to 40 feet high. There are 16 gates into the city, besides two water gates.

The famous nine-story pagoda, dating from the beginning of the middle ages, is situated in the western part of what is known as the old city.

The foreigners reside in the Shamien suburb, founded in 1859, on an artificial island on the Honan side of the river.

The population of Canton is estimated at about 900,000.

GUILTY OF MANSLAUGHTER.

Jury's Verdict in the Case of "Baroness" de Massey.

New York, May 4.—"Baroness" Anisia Louise de Massey, the pattern designer, tried for the killing of Gustave Simon, a shirtwaist manufacturer, was convicted of manslaughter in the first degree with a recommendation for mercy.

The jury, to which the case was given at 3 o'clock Thursday afternoon, returned a verdict a few minutes before midnight, and the prisoner was remanded to the Tombs until May 9, for sentence.

Gustav Simon, a wealthy shirtwaist manufacturer, was shot in his office on Nov. 19, and died a few hours afterwards. Mme. de Massey, known as "Baroness" de Massey, was employed by Simon as a shirtwaist designer and was arrested while leaving the building in which Simon's office was located, a few minutes after the shooting. She acknowledged she had had a disagreement with Simon over a question of wages, and had left the manufacturer's office a few minutes before her arrest, but has consistently maintained throughout her trial that she had nothing to do with the shooting.

TRAMMELL TAX BILL HAS MET ITS FATE

Substitute Reduced Proposed Tax to Half of One Per Cent.

BROUGHT FORTH ELOQUENCE

But Bill Was Killed in Senate by a Comfortable Majority—Representative Dorman of Suwannee Wants Capital Moved to Live Oak.

The interesting feature in the Senate Friday was the debate on the Trammell substitute franchise tax bill, which was killed by a vote of 17 to 10.

The original bill proposed a tax on the gross receipts of public service corporations of 2 per cent. This substitute, which was offered by the original introducer, placed this proposed tax at half of 1 per cent.

Except from the recess for dinner, the debate lasted from 10:30 until 6 o'clock Friday evening.

Mr. Trammell spoke for three and a half hours, covering his subject fully and making an eloquent address in behalf of his bill from legal and ethical standpoints.

Messrs. Hudson and Cone also spoke in behalf of the bill.

Messrs. Adams, Beard, Broome, Buckman, Harris and Humphreys spoke against it, Mr. Buckman and Mr. Harris opposing it on the principle of theory of taxation proposed, and Messrs. Beard and Humphreys on constitutional grounds.

Mr. West of the First, presided during the major portion of the debate, President Harris occupying a seat as a private member.

The vote on final passage was:

Yeas: Cone, Cotrell, Crews, Jackson, Leggett, Massey, Neel, Trammell, West of Fourth, Zim—10.

Nays: Mr. President, Adams, Alford, Baker, Beard, Broome, Buckman, Crill, Clarke, Crane, Davis, Henderson, McCreary, Sams Willis, Watson, West of First—17.

The Senate went into executive session, sustaining Gov. Broward in removing J. M. Andrews, chairman of the Escambia county board of county commissioners, charged with grave offenses.

The principal events in the House were the passage of the Long bill to prevent public lands being assessed as unknown and sold for taxes and the Pinellas county bill, which carried on its third reading by a vote of 28 to 21, without debate, and was immediately certified to the Senate.

This afternoon the House considered on second reading the bill by Mr. Clarke of Jefferson, against fraudulent labor contracts, putting the burden of proof on the defendant to show good faith where contract is not fulfilled.

Mr. Reese made a fight against the bill, declaring it opened the doors to peonage, but his motion to postpone the bill was lost by a large majority.

Mr. Dorman in the House introduced a constitutional amendment to remove the State capital to Live Oak.

The House committee on appropriations decided in the evening to report Friday the bill appropriating $15,000 annually for the Florida State mid-winter fair at Tampa, for two years, not a single member of the committee being opposed to the bill, which was favorably reported by the Senate committee.

In the Senate Mr. Zim's resolution endorsing William Jennings Bryan for President was adopted by a vote of 17 to 9.

After the introduction of two new bills, the Senate adjourned until Monday afternoon at 3:30 o'clock.

DOINGS IN THE HOUSE.

The House was called to order at 10 a. m., and after prayer by Rev. J. P. Hoyt, pastor of the Congregational church, St. Petersburg, an invitation was read from the Ladies' Town Improvement Association, requesting the members to attend their May festival in the afternoon.

By Mr. Willis of Levy—Relating to spreading petition upon the journal was lost.

Memorial No. 15, by Mr. Kirkland of Lake—To Congress, asking repeal of timber and stone act; adopted under suspension of the rules.

A petition was presented by Mr. Willis of Levy from citizens of Montbrook, favoring a compulsory education law, temperance instruction in schools, and other matters.

Introduction of Bills.

The following were among the new bills introduced:

By Mr. Reese of Escambia—Relating to mandamus inejectment.

By Mr. Geiger of Lafayette—Relating to invalid tax assessments.

By Mr. Donegan of Osceola—Conveyance by guardians of personal property of infants.

By Mr. Snell of Polk—Relating to express shipments.

Other Senate bills were referred to the proper committees.

The House adjourned until 10 o'clock Saturday morning.

MOVEMENT OF CABBAGES.

Several Car Loads Have Passed Through Gainesville Recently.

Judging from the movement which has passed through Gainesville during the past three or four days, the cabbage crop south must be flourishing. Several car loads have been noticed on the trains consigned to various markets in the North, which appeared very fine, and probably realized good returns.

Death of Mrs. J. S. Steward.

On May 1st the remains of Mrs. J. S. Steward were brought to Archer for enterment by the side of her husband, who preceded her three years and four months. She died at the home of her son, near Dutton, having succumbed to a stroke of paralysis after a sickness of ten days. During her last days she received the tender care of her children and nearest friends, who were all at her bedside, leaving nothing undone that loving hands could do for her comfort. She was possessed of a strong Christian character, which was manifested in her devotion to the Master, her kindness to friends and neighbors, and her untiring efforts and prayers to bring others to Christ.

The funeral was largely attended by sympathizing friends, who brought many beautiful flowers in token of their affection and esteem. Services were conducted by the Rev. J. W. Waddell, pastor of the Presbyterian church at Archer, where she had been a member for many years.

Mrs. Steward was born in Laporte, Ind., Jan. 5, 1840, died April 30, 1907; was married to J. S. Steward October 22, 1861, at Niles, Mich. Came to Florida on January 1st, 1879. Mother of four children. She is survived by her son, G. J. Steward, two daughters, Mrs. A. R. Wilson, Fort Pierce; Mrs. Harry Wilson of Titusville, and two grandchildren. Salina Adelia Steward died in her infancy.

May God comfort those who mourn for the one who has so unexpectedly been called away. A FRIEND.

The Delegates Return.

The delegates of both local chapters of the U. D. C. returned yesterday from Jacksonville, where they have been in attendance at the annual meeting of the Florida division of the U. D. C., and report a most delightful meeting. They are loud in their praise of the hospitable manner in which they were entertained at the hands of the ladies of Jacksonville.

Mrs. H. H. McCreary and daughter, Miss Irene, did not return with the delegation, but proceeded to Tallahassee, where they will be with Senator McCreary during the remainder of the Legislative session.

ROOSEVELT NOT TO SEEK A THIRD TERM

Decides to Set at Rest all Talk on the Subject.

WILL ISSUE A STATEMENT.

President Will Not Accept Nomination Under Any Conditions—Refers to a Former Declaration Made by Him.

Chicago, May 4.—A dispatch to the Tribune from Washington, D. C., says:

President Roosevelt has decided to set at rest all talk that he will be a candidate for the Republican nomination for the presidency next year.

It was learned Thursday on the highest authority that at the proper moment the president will issue a statement to the American people announcing that he will not accept renomination under any conditions, and calling attention to the declaration he made on the night he was elected in November, 1904, as follows:

"The wise custom which limits the president to two terms regards the substance and not the form. Under no circumstances will I be a candidate for or accept another nomination."

The advisability of a statement at the present time has been forced upon the attention of the president as the result of earnest representations made to him by intimate friends, politicians and people residing in every section of the country who want him to run again. Naturally the president feels flattered by the appeals made to him to be once more a candidate, but he is inclined to attribute these suggestions rather to approval of the policies he has initiated and enforced than to any special desire to keep him in the White House. If the Republican party can be induced to nominate a man like Secretary Root or Secretary Taft, who peculiarly are identified with the Roosevelt policies, the president believes th country will be satisfied, for it will be assured that the progressive program of this administration will not be abandoned.

MUST ANSWER GRAVE CHARGE.

Fairchild, Former Secretary of Treasury, Is Indicted.

New York, May 4.—Counsel for the defendant arranged with the district attorneys Thursday for the appearance next Monday of Charles S. Fairchild, former secretary of the treasury, who, in December last, was indicted on six counts charging forgery in the third degree. The case grew out of what came to be known as the "Prussian bond transaction" of the New York Life Insurance company.

Mr. Fairchild, then a trustee of the New York Life, was in Europe when indicted, but returned to this country six weeks ago. He will be arraigned before Justice Greenbaum, in the criminal branch of the supreme court.

The grand jury that indicted Fairchild also returned similar indictments against George W. Perkins, former vice president of the New York Life. A motion is now pending before Justice Fitzgerald for an inspection of the minutes of the grand jury in the Perkins case.

Indicted for Murder.

New York, May 4.—Salvatore Governale, who killed two policemen a short time ago, near Washington Place, has been indicted for murder, and his trial has been set for May 13. The authorities have decided to expedite this case. The tragedy caused much public indignation, and led to the crusade against the carrying of concealed weapons.

Bishop Key's Statement.

Columbus, Ga., May 4.—Bishop J. S. Key, of Sherman, Tex., senior member of the cabinet of bishops of the Methodist Episcopal church, south, in an interview here Friday said no effort will be made to fill the vacancies in the cabinet caused by death during the past year until the general conference.

THE SPRING TERM WILL SOON BEGIN

Many Murderers and Other Criminal Offenders Are in Jail.

SHERIFF FENNELL'S WORK

He Has Acted With a Great Deal of Care and Executive Ability, and a Result Is the Imprisonment of Greatest Number of Capitol Offenders.

The spring term of the circuit court of the Eight Judicial Circuit will convene in this city on Monday next, May 6, Judge Wills presiding.

This will be one of the most important sessions ever held in Alachua county, as many cases of great gravity have been held over for this term.

Clerk of the Court Wienges states that the docket at the opening of the term will be about one hundred and four cases, of which seventeen are shown as carried over from the last session of the court. Among these there are many charged with criminal offenses, while others are of a civil nature.

Clerk Wienges states that he has a large number of cases to report before the grand jury at the coming session, of which there are six cases to be returned for murder. He has altogether nearly a hundred cases, charged with all sorts of civil and criminal cases.

There are a large number of criminals in jail, some of whom have been held over from the last term of the court. Seventeen prisoners are now in jail, awaiting trial on the criminal docket, which was postponed form the last term of the court.

The session of the court in this county is always lengthy, owing to the fact that the county is a large one, and many criminals are released from the phosphate camps in the West End who are hardened, and who in many instances commit crime and are re-arrested before they have an opportunity to seek refuge outside the county.

Sheriff Fennell has done well, since he has confined six of the seven prisoners who are held for murder. This is a remarkable record and the officer should have the credit for same, through the efforts of his deputies.

MARSHAL ARNOW REPORTS.

The New Marshal Will Make Good Showing for First Month in Office.

At the regular monthly meeting of the new City Council on next Monday night, which will be the first regular meeting since the Council was organized, Marshal Arnow will present a good report, which will indicate that he has been very busy for the period he has been engaged.

It was once said that Marshal Arnow, if elected, would protect the interest of the owners of cattle in the corporate limits, and would not arrest the cows on the outskirts of the city—or, to be plain, the cows which had been accustomed to grazing within a short distance of the line; but this statement seems to be unauthorized, for that official "takes in" everything within the city limits, with the result that thirty-eight cattle have been impounded since he was sworn into office April 12—eighteen days.

Marshal Arnow will show a report from April 12, when he assumed office, to May 1, which gives thirty arrests, $153.75, and thirty-eight cattle impounded, $19, making a total of $172.75 for the portion of the month of April, eighteen days, which is one of the best ever shown in Gainesville.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapaciated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

Mrs. Becker's Class.

The pupils of Mrs. R. A. Becker gave a musicale at her residence, on North Garden street, on Wednesday evening.

The rooms were beautifully decorated with flowers and a number of colored candles were hung on the wide veranda. Between fifty and sixty pupils and parents were present, and at the close of the program delicious refreshments of cream and cake were served.

Among so many it would be invidious to discriminate; suffice to say the entertainment was high class throughout and gave great pleasure to those who were present. The program was a most delightful one, being composed of numbers both vocal and instrumental, and was thoroughly enjoyed.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by all druggists.

THE SUN'S OFFER.

Giving Away a Handsome Pocket Bank and 25 Cents in Cash.

There's no use in people talking now that they cannot afford to start a bank account, if they will take advantage of the exceptionally liberal offer made by The Sun, which will be noticed in the advertisement elsewhere.

The Sun has arranged with the new banking house of Phifer Bros., which has just opened for business, to give to every person who subscribes to this paper, the weekly for one year, $1, or for the Daily for three months, $1.25, a neat metal pocket safe and a saving account, as an inducement. This applies to renewals as well, and the public will not only be saving 25 per cent and getting a bank, but is being induced to open an account.

Read the advertisement, which is self explanatory, and then act.

BEWARE OF "DIGESTIVES."

The ordinary "dyspepsia" tablet has ruined more stomachs than all other causes combined. Giving temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increasing frequency.

Mi-o-na excites the secretion of gastric juice, and when the food is swallowed, the stomach is ready to digest it.

Mi-o-na stomach tablets are never sold in bulk, but in a neat box convenient for the purse or vest pocket, at 50c.

A guarantee is given by J. W. McCollum with every box of Mi-o-na, that money will be refunded if the remedy fails to give satisfaction. This shows his faith in the merits of the remedy.

McKinstry—Miller.

There was a quiet wedding solemnized at the home of the bride's parents, Mr. and Mrs. F. X. Miller, West Union street, Thursday afternoon at half-past 1 o'clock, when their charming daughter, Miss Carrie, was united in the holy bonds of matrimony to Robt L. McKinstry, Rev. Thos. P. Hay of the First Presbyterian church officiating.

The wedding was a quiet one, only the immediate members of the contracting parties being present.

The contracting parties are both well known in this city, having been reared here. The Sun, with other friends, extends congratulations.

FRANK RIVERS IS NOT GUILTY

That Was the Verdict of the Coroner's Jury at Kanapaha.

WOMAN DIED OF APOPLEXY

She Had Made Signs to Indicate that Her Husband Had Choked and Beat Her, but Examination by Physician Showed No Signs of Violence.

Frank Rivers is not guilty of the murder of his wife, Rose Rivers, as has been charged by the brother of the woman in a warrant sworn out at his instigation a few days ago.

This warrant was sworn out on an affidavit charging Rivers with assault with intent to murder several days ago, was duly served, Rivers was arrested and placed in jail, where he remains at present.

A few days ago Rose Rivers, wife of the man who had been accused, was found unconscious at her home, a modest little hut, near Jonesville. Rivers, who is an employe of T. J. Swearingen, the naval stores operator at Kanapaha, has always enjoyed the reputation as being a peaceable, law-abiding man, and no one had ever heard of any quarrels he had with his wife. When the woman was found unconscious, however, friends nursed her back to a state of consciousness, and although she could not speak, by signs it is said that she intimated that her husband had choked her and beat her over the head, inflicting the injury with which she was suffering.

The woman's brother came to the city and had a warrant sworn out for Rivers upon a charge of assault with intent to murder. He was arrested, and is now in jail.

The woman died during Wednesday night, and Thursday a jury was empanelled comprising George Smith, foreman; T. H. Willis, A. C. Stevenson, G. W. Geohagan, W. F. Gay and T. T. Richardson, who conducted the case under direction of Justice G. M. Colman, coroner ex-officio. A complete examination was made by Dr. J. M. Dell of this city. He stated that there were no signs of violence, and that the woman came to her death from all appearances by appoplexy.

Several witnesses were examined. None of them stated that Rivers was a bad man, but all testimony was really in his favor, being to the effect that he had always treated his wife with that tender devotion which a woman should have.

It appears that just prior to the woman's death parties gathered around the bedside and endeavored to induce her to speak, which she was unable to do. However, when questions were asked her she would make signs which indicated that she had been choked and beaten by her husband, and upon this fact Rivers was arrested. Those who know him feel sure that he is innocent, and the coroner's jury was evidenty of the same opinion, as the man accused was exonerated.

Rivers is still in jail, but will probably be released in a day or two.

THE ELKS HOME FURNITURE.

Most of It Has Arrived and Been Installed—Handsome and Modern.

The greater part of the furniture especially selected by J. K. Abrams, manager of the Gainesville Furniture Company, for the Elks Home, has arrived, and Mr. Abrams was busy during Friday and Saturday installing same.

As a whole, this is the handsomest lot of furniture ever seen here. The greatest care was exercised in its selection, and Manager Abrams and the committee are to be congratulated. The furniture is elegantly upholstered in solid leather of the highest quality, and the finish, which is of various weeds, is extremely unique. It is bound to attract the admiration of those who can appreciate that which is good.

The Elks Club is now the social attraction of the city, and many members of the order spend their evenings there, where every modern convenience is afforded.

Postoffices Discontinued.

Owing to the installation of rural free delivery routes, the postoffices at Palmer and Kanapaha have been discontinued, and former patrons of these offices now either get their mail at Archer or by R. F. D.

COLLECTOR DICKINSON BUSY.

Has Been Confined at His Office to Meet Country Friends.

County Tax Collector Dickinson has been extremely busy at his office for the past few days, as many tax payers of the county have come to settle their differences with the county and State.

Collector Dickinson states that his collections have been better in the month just closed than any month of the whole time he has been in office, which is an evidence that the people are prosperous. "I am very grateful for this," he said, "because it shows that the people have money, and are willing and able to settle their taxes, which, as a rule, good and bad alike, they seem to consider their last obligation."

THE GRAHAM BUILDING.

This Will be One of the Handsomest and Most Modern in the State.

The Graham building, which will occupy a half block on East Main and Mechanic streets, is nearing completion.

This building, which is constructed of brick and stone, will be one of the handsomest and most modern in the State. The upper story will be used for offices, while the lower floor will be devoted to stores. The building will be a credit not only to the owners, but the city. It is understood that nearly all the rooms have been engaged in advance.

Mr. Goodwine Pleased.

John C. Goodwine, a prominent citizen of West Lebannon, Indiana, is visiting the city. This is his second visit to Gainesville, the first time, about thirty years ago. The town was at that time only a "wide place in the road." He had confidence, however, in the future of the city, so he invested in nine acres of "pay dirt" in what is now the northern portion of Gainesville, but at that time only pine woods.

Mr. Goodwine says he is very much astonished but pleased at the vast improvement since his first visit here. He is a life-long stockman and may decide to locate here in future on account of the magnificent climate, good water and healthfulness of the city.

AN ENJOYABLE EVENING.

Mr. and Mrs. M. A. Bennett Entertained Their Young Friends.

A merry crowd of young people gathered at the home of Mr. and Mrs. M. A. Bennett, North Gainesville, on Friday evening, numbering eleven couples as follows: Misses Nellie and Lucy Orr, Lena Colclough, Maggie Williams, Gladys George, Maude Lewis, Minnie Shawl, Edith Shawl, Lera Bennett Evaline Powell, Lena Hunter and Susie Fisher, and Wylie Taylor, Ralph McRae, Glen Roth, Lawrence Jackson, Giles Means, Chas. Fisher, Mr. Kime, R. D. Algee, L. C. Algee, Corr Bennett, John Bennett.

The lawn was attractively illuminated with Japanese lanterns. The color scheme for the house decorations was red, white and blue, tastefully carried out by artistic hands, while the mellow light from under the red lamp shades cast a halo over all that was indeed enchanting.

Music was interspersed during the entire evening by the kindly accommodating young ladies, Miss Lena Hunter and Miss Lena Colclough. Some rich coon songs were rendered by Lawrence Jackson, accompanied by Miss Lera Bennett on the piano.

An unique way of coupling the young people for the purpose of repairing to the dining-room was a neat little card, on one corner of which was tied a dainty bow of red, white and blue ribbon with two lines of some familiar verse written on one side. Another card containing the remaining two lines of that identical verse was given to some girl, and it was real amusing to watch the boys seeking their mates for the evening in this way, as of course when the verse was completed the two formed a "couplet."

The dining-room was soon the scene of attraction, where the young couples partook of a well prepared chicken pillau and other refreshments. They departed at a late hour, after voting Mr. and Mrs. Bennett among the most pleasing of entertainers.

A DELIGHTFUL FUNCTION.

Mr. and Mrs. George Granger Celebrated Twentieth Anniversary.

Waldo, May 4.—On Wednesday evening Mr. and Mrs. Geo. Granger celebrated their twentieth anniversary. Their pretty home was decorated in white and green, roses and ferns being used in profusion.

The guests were invited between the hours of eight and eleven. The hostess was assisted by a number of her young girl friends. Elizabeth Kennard and Marcia Strickland received the guests in their pretty childish way. Little Clara McLenna and Thelma Hogan, in their winning manner, saw that all registered. The Misses Jenks, Bell, Entenza and Redd served punch in a nook formed by roses and ferns.

A course luncheon was served. The Misses Isla Seigler, Florice Trowbridge, Claud Ambrose, Pearl Cone, Ruby Sparkman, Dorean Ellis and Mrs. Blakely saw that all were bountifully helped.

Throughout the evening beautiful music was rendered under the masterly touch of Mr. Packham. Vocal music by Mesdames Doane, Lang, Porter and Strickland, added much to the evening's entertainment.

The popularity of the host and hostess was shown by the number of handsome presents they received.

The out-of-town guests were Mr. and Mrs. McClure of Tampa, parents of the hostess; Mr. and Mrs. Geo. P. Morris, Mrs. Reed, Dr. and Mrs. Colson and Miss Dorean Ellis of Gainesville; Miss Jenks of Jacksonville.

It appears from an Associated Press report that the negro is not held in much favor in Indiana. Near Greensburg the feeling is bitter, as a result of an assault by a negro upon the person of Mrs. Sefton, an elderly white lady. Six negroes were badly beaten, saloons and other resorts frequented by that race were demolished, and all negroes of inferior character were ordered to leave town. The mob was composed of more than 500.

If Florida should continue to grow for the next ten years as she has for the last half decade, she will become even a greater State and a great population will be within her borders. Capital is rapidly developing the hidden treasures of the land of perpetual sunshine, her agricultural and horticultural development is exceeding the most sanguine expectations, and it does seem that the State's future is aglow with bright prospects. A greater part of the people are out of debt, our mercantile establishments are doing a nice business, the banking institutions are flourishing, the farmer is doing well. All in all, our people are happy, contented and prosperous.—Wauchula Advocate.

The great trouble with our enormous incorporated wealth is that those who control the stock and bonds only receive on an average quite meagre interest. As the people are bled to fill the purses of the industry oligarchy the question is how to fairly inaugurate an industrial Democracy by removing the causes that have built up and fostered our industrial oligarchs. All special privileges, such as protecting the trusts by the tariff, must be abolished and the reconstructed railroad corporations must be so controlled that the public whose money has created them and whose patronage supports them will have equal rights with those who manage them.

HOME PROSPERITY.

Much has been said about buying from mail-order houses in Chicago and elsewhere. The press generally has advocated buying at home. This is right and proper for all who have the welfare of their community at heart.

The local merchant pays his taxes into the county treasury, while not a cent of the mail-order house money goes into any fund from which you may derive any benefit.

These mail-order concerns cut a big splurge with their thousand-page catalogues, and in many instances claim that they sell direct from the manufacturer to consumer—making many of these shipments from their own factories. As a matter of fact, we very much doubt whether there is one of them that owns the half of what they claim, and to this extent it is nothing but a plain case of humbugging the people.

The price of any article with freight charges added is in a majority of cases equal to, if not more than, if bought at home. Had the buyer gone to his local merchant, he would have obtained what we wanted and had the satisfaction of patronizing home industry and held a warm friend instead of retaining a doubtful one.

By buying of the home dealer you are increasing the prosperity of the community in general, as all are benefited. The dealer does a better business, is in a position to buy his stock at lower prices and to sell cheaper to you. He advertises more extensively in the local papers and places the paper in a position to give you better service.

It is true that merchants do not always treat their farm customers right. They sometimes try to beat down prices on farm produce by buying from outside shippers the things that can just as well be produced at home, and it is no worse for the farmer to send off after goods than it is for the merchant to do it. The merchant in the country should realize that his prosperity depends upon the property of the farmer, and both should realize that whatever they pay out for freight is a loss to home manufacturers.

In fact, all classes of people in every community should realize that it is better to co-operate together than to fight each other. The producer of wealth in all lines is the man who must prosper primarily before anybody else can prosper. Then the less we pay for the expense of exchange the more there is for the producers.

Increased wealth means greater revenue from taxes and the burden thereof lightened. Increased revenue brings much needed improvements, good roads and bridges, and better educational facilities. These things are the demands of the day, and whoever buys from mail-order houses is a block to the wheels of home improvements.

WHY NOT RAISE POULTRY?

It is just as honorable and respectable business to raise poultry for market as it is to produce any other staple of the farm. The man who diversifies and converts the product of his brain and labor into money along the lines of honest endeavor, sets an example which is worthy of emulation by his neighbors.

At present high prices for these products, the business presents an inviting field and we hope that these industries will be developed and broadened to a much greater degree in the future.

The price of an average hen in the retail groceries at the present time is 65 to 75 cents and we presume the same prices hold good in all other cities. Eggs are 25 to 30 cents per dozen and frying-size chickens are from forty to sixty cents each. Most of the poultry, eggs and butter which come to the markets of our large Southern cities to supply the people are shipped from Northern and Western States the same as our corn, hay, beef and bacon. It is an undeniable and irrefutable truth that all of these staple commodities and necessary food supplies can be better raised in the South, especially poultry.

Here is presented an opportunity for diversification on the farms of the South which should no longer be ignored, and it is a decided reflection upon the agricultural methods of the South that our border States should be depended upon to supply the steady and healthy demands of our leading towns and cities for such a necessary food supply as poultry.

MR. ROWELL ON FLORIDA.

Geo. P. Rowell, editor of Printer's Ink, a weekly journal for printers and advertisers, and compiler of the Rowell Newspaper Directory, either through ignorance of the fact or for some designing reasons, has seen fit in an article in Printer's Ink of April 24, over his own signature, to grossly misrepresent our State in many of his statements. In fact, none of them are correct, and it is the duty of the Florida Press to take the matter up and call the author to time.

In the first place, Mr. Rowell states that there is only one paper published in Tallahassee, The Sun, which makes its appearance, when in fact there are two first-class weeklies, The Sun and The True Democrat. Mr. Rowell, above anyone else, should know the facts regarding that of which he makes a study and business. He "knocks" the State again by the assertion that, "such as they are, Florida issues over 150 newspapers and periodicals, and it is quite probable that there are more than a hundred Florida papers that do not have a list of subscribers that would count as many as 200 names." The Sun doubts seriously if there are a dozen in this class, for, as a rule, the Florida weekly is a widely circulated paper in proportion to population—more widely in proportion than the majority of papers in other States, by reason of the fact that Florida is composed of an intelligent class of people, made up from every section of the United States, and as a rule people of refinement who insist upon reading the papers. One may find in the rural districts of Florida the very essence of integrity, people from everywhere who have come to live among us, some because of the infatuating climate and fertility or soil, some because of their health—and in fact, for various reasons. Ninety per cent of this class who are engaged in farming or horticulture or trucking are subscribers to their county paper. Simply because the publishers of these papers, who, in many instances are indifferent as to whether they make a report to Mr. Rowell's directory or not, they are credited with "less than 200 copies circulation."

Mr. Rowell makes another blunder of the grossest kind when he states that there are no stones in Florida, and that it would be impossible to secure one in the entire State large enough to make a door-step, or even big enough to throw at a dog. Right here in Alachua county we can disprove that assertion, and if Mr. Rowell is willing to pay the freight we can supply him with not only stones for his door-step, but also a sufficiency of good ones large enough to throw at all the canines which come his way.

The dreamy author of this attack on Florida's resources declares that we have no hard roads, and that the surface of sand road is covered with marsh grass or forest leaves, and this again with sea shells. It is needless to defend this attack, for everyone who has visited Florida knows that, while we may not have so great a mileage, no better roads are to be found in the United States than the roads of Florida, constructed of material mined from the earth of this State, which Mr. Rowell states is "nothing but sand, sand, sand."

Next to the peonage articles which have become famous, this article of Geo. P. Rowell is the most unjust misrepresentation of Florida ever published.

In the famous Welles timber trespass case before the United States Court, the jury brought in a verdict in favor of the United States Government allowing $12,000 to the Government.

Warnings are being sent out from the Treasury Department as to new counterfeits that are appearing, and one of the latest is in regard to a $10 bill on the Troy National Bank, a counterfeit done apparently by a new photo-engraving process and made up on two thin sheets of paper with the silk threads that distinguish the real Government bill carefully sandwiched in between them. It is said to be a very clever piece of work, and to mark a decided step forward in the line of criminal art. The department is having a good deal of trouble now with counterfeit coins of genuine silver. Of course during the time when silver was at the lowest market price, there was a good profit in buying the metal in bulk and working it up into silver coins of all sorts. Some of these are excellent pieces of work, and as there was nothing but pure silver in them they were rather hard to tell from the genuine. The principal work now, however, seems to be recoining Mexican and South American silver currency with the American impression on them. This is a labor saving device in a way because the silver is already shaped and even milled, and all that is necessary to do is to stamp it. A curious fact has developed, however, in the study of these counterfeits, and that is that it is almost impossible to obliterate to original impression. It may be struck out with the fresh dies so that it is gone to all appearances. But if the coin is "pickled" in a mild acid solution for 48 hours, the original impression will come out again, very faintly it is true but so that it may be read with the glass. It is a continual race between the Treasury and the counterfeiters as to which shall circumvent the other. But so far the Secret Service has managed to keep ahead of the game, and as soon as a new trick is invented by the criminals, the Government experts find a new one in the proctective line that will cap it.

Even the most lenient will admit that the Arizona man who shot his partner for trumping his ace, had some provocation.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

There has recently been discovered in Putnam county, near Interlachen, an inexhaustible supply of material which can be used for road-building purposes, and a company, in which J. H. Wylie, the enterprising roads advocate of Interlachen, is interested, has been formed. This is largely composed of gravel, and is said to be an excellent material for the making of hard roads, the road from Interlachen to Palatka being constructed of it. The company has such confidence in the new discovery that they are offering to give to counties and cities from one to three car loads, with only the expense of loading at the pits, as an experiment. Several cities, including Jacksonville, Palatka and Orlando, have already availed themselves of the opportunity to test its quality.

OAKS TO CHANGE HANDS.

James Van Allen of Archer Will Assume Management on June 1.

The Oaks Hotel, one of the most desirable resorts of the kind in this section of the State, is to change hands, and on June 1 James Van Allen, formerly of this city but for the past few months of Archer, will assume the management of the hotel.

Mr. Van Allen, in talking to a Sun reporter, stated that the hotel would be renovated, repaired and thoroughly refurnished, and he proposed to make it one of the best and most up-to-date hostelries in Florida.

Mr. Van Allen is a business man of conservative judgment, and will no doubt make The Oaks a popular resort with the traveling public, as he declares there will be nothing but first-class service.

The Oaks is desirably situated, surrounded by a beautiful grove of oaks, and is one of the most desirable stopping places in the State.

To the end that the chorus should be still further augmented, a cordial invitation to assist is issued to any resident who can sing and wishes to become better acquainted with a superior grade of ecclesiastical music. Those who know the work will appreciate the merit of this particular mass.

The first rehearsal will be held at the church on Monday evening next at 7:30.

In the Mayor's Court.

There were two offenders in the mayor's court Thursday morning, being Edward Turner and John Montgomery, colored, who were both charged with disorderly conduct.

THE DAILY AND SEMI-WEEKLY SUN

THURSDAY'S WORK AT STATE CAPITOL

Both Branches of Legislature Busy During the Day.

HELD AFTERNOON SESSIONS

Business is Becoming So Heavy that Two Sessions Each Day are Necessary—Many Measures of Importance Taken Up and Disposed of.

The Senate Thursday morning was confronted by a thirty-two page calendar, while the House had to wrestle with forty-three pages.

Both Houses held afternoon sessions to expedite legislation, a dozen or more bills being passed on third reading in the Senate and a large number of House bills being either withdrawn or advanced to third reading.

The Senate had three special orders—the Trammell franchise bill, a substitute for which was introduced by Mr. Trammell and it was a special order for Friday; the Hudson bill for an extension to the State capital and the Sams bill for the erection of a supreme court building, all of which, together with Senator Zim's resolution endorsing William Jennings Bryan for the Presidency, were informally passed until Friday.

Mr. Trammell's bill making the maximum telegraph rate twenty-five cents for the first ten words and two cents each additional word was lost in the Senate by a vote of 25 to 5, President Harris leaving the chair to speak against the bill.

Mr. Crane's bill was then passed making telegraph companies liable for $10 to senders of telegrams for failure to deliver messages in a reasonable time, there being only one dissenting vote.

Important Senate matters in the afternoon were the executive session and the passage of the Adams bill for inspection, care and maintenance of county convicts.

In the House this morning on the concurrent resolution by Mr. Pettigrew, the sole Socialist member, requesting that a convention be called proposing amendments to the federal constitution, providing for election by a direct vote of United States Senators and for an income and inheritance tax, the vote was not unanimous, but there was no opposition to either resolution on the floor.

The committee on finance and taxation bill in the House fixing salaries of State cabinet officers at $3,000 a year passed its second reading with amendments including the adjutant general at $3,000 and the State chemist at $2,500.

Another bill also passed its second reading making the salary of State auditor $2,500 and assistant auditor $2,250.

The House consumed part of the morning and most of the afternoon discussing the Carter bill requiring candidates for admission to the bar to be examined by the supreme court. Messrs. Carter and Farris spoke for the bill; Messrs Calkins and Willis, of Levy against it, more or less personal feeling developing in the debate. Mr. Matthews of Marion also spoke against the bill, motion to postpone indefinitely being lost by a vote of 17 to 33.

SENATE PROCEEDINGS.

The Senate was called to order at 10 o'clock in the morning, and after prayer and a correction of the calendar, the following new bills were taken up:

By Mr. Beard—Relating to revision of the muster rolls of records and history of soldiers of Florida.

By Mr. Leggett—Relating to deeds and mortgages.

By Mr. Hudson—To regulate the treatment of orphan children.

By Mr. Neel—For appropriation for West Florida fair.

Bills on Third Reading.

By Mr. Trammell, Senate bill No. 15—Relating to charges of telegraph companies, regulating charges to 25 cents for ten words. But lost by a vote of 25 to 5, after considerable discussion.

Senate bill No. 116, by Mr. Crane—Favorable report with amendment by committee on canals and telegraphs, providing a penalty for delay in delivery of telegraph and telephone messages within the State of Florida, was passed by a vote of 29 to 1, Mr. Neel, only, voting no. The bill, as passed, refers only to telegraph messages.

Senate bill No. 47, by Mr. Adams—With favorable report by committee, prisoners and convicts, relating to providing for the proper care, maintenance and protection, inspection, rules for regulation and contract of county prisoners, manner of their discharge, and inspection of county jails, and to pay for the expense of carrying out the provisions of the act, being upon its passage, the bill was passed by a vote of 21 to 8.

Afternoon Session.

The following bills passed in the afternoon, after the executive session under waiver rules: No. 112, Mr. Baker of Tenth, selection of jurors; No. 42, by Mr. Massey, execution, construction and operation of bill; No. 140, by Mr. Massey, distribution of statutes to judges and solicitors; county criminal courts; joint resolution No. 77, by Mr. Adams, requesting congress to survey Suwannee river; Senate joint resolution No. 89, by Mr. Zim, memorial relative to improving St. Augustine harbor; No. 97, by Mr. Massey, regulating business of foreign corporations doing business in Florida; No. 145, by Mr. Crane, extending time limit of Charlotte Harbor and Northern Railway; No. 175, by Mr. Crews, appropriating $15,000 for Confederate monument at Chickamauga.

IN THE HOUSE.

The House was called to order at 10 a. m., Speaker Matthews in the chair.

Among the new bills introduced were the following:

By Mr. Paul of Holmes—Timber and turpentine privileges in leases.

By Mr. Willis of Gadsden—Relating to assessment and collection of revenue.

By Mr. Dorman of Suwannee—Providing criminal court of record for Suwannee county; passed under suspension of rules. Yeas 53, nays 0, and immediately certified to Senate.

The committee on pensions presented a substitute for House bill No. 379, by Mr. McCutcheon of Pasco, providing for a State board of pensions; 200 copies ordered printed and bill put on second reading.

By Mr. Parkinson of Volusia (by request)—For public kindergarten.

By Mr. Parkinson of Volusia (by request)—Salaries of county superintendents of public instruction.

The House adjourned until Friday at 10 a. m.

S.S.S. HEALS OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal.
